MBASE BEGINS 17-CITY NORTH AMERICAN MARKETING TOUR WITH ACCPAC INTERNATIONAL, INC.

Edmonton, Alberta, Canada, September 25, 2000, mBase.com Inc. ("mBase") (CDNX: MBM), an innovator of automated catalog publishing and e-Commerce solutions, announced today that it is joining ACCPAC International, Inc. ("ACCPAC") on a North American tour highlighting and demonstrating how its integrated automated catalog technology will integrate with ACCPAC's eTransact™ product to allow businesses to thrive in the e-business economy.

The 17-city ACCPAC Live! 2000 workshop and seminar tour will allow mBase to market into the reseller, end user and prospect communities to demonstrate the seamless integration of its IntelliCat technology with the ACCPAC eTransact™ product.

In conjunction with the Company's strategic e-business alliance with ACCPAC International, Inc, mBase will be presenting its technology in one hour live demonstrations at each of the 17 major cities across North America, reaching a few thousand potential customers within a six week period. Furthermore, mBase will be listed in ACCPAC's website at www.accpac.com/accpaclive, with a direct link to mBase's website, www.mbase.com.

The North American marketing tour consists of the following cities and dates:

Montreal, Canada	September 26	Houston, US	October 23
Halifax, Canada	September 28	Miami, US	October 25
Vancouver, Canada	October 2	Atlanta, US	October 27
Calgary, Canada	October 5	Chicago, US	November 6
Toronto, Canada	October 11	Detroit, US	November 8
Ottawa, Canada	October 13	Bethesda, US	November 10
Seattle, US	October 16	New York, US	November 13
San Francisco, US	October 18	Boston, US	November 15
Anaheim, US	October 20		

mBase has developed a proprietary version of its automated publishing technology, IntelliCat, specifically to integrate with ACCPAC's eTransact online store technology. This solution provides a strategic advantage for ACCPAC's 5,500 Value Added Resellers (VAR'S) to sell both eTransact and IntelliCat for a completely integrated real-time marketing solution. In addition to the ACCPAC Live end user presentations, VAR's from across North America have reserved meetings with mBase for introductions to their clients that were initiated from presentations at the ACCPAC partnership conference held in Orlando, Florida in August.

"The significance of attaining this level of exposure at such an early stage of our marketing development certainly advances our revenue opportunity to a whole new level," stated Don Caron, President of mBase, "ACCPAC has over 550,000 existing clients representing a three billion dollar market opportunity for mBase. This North American tour will allow us to jump start our marketing program and get us well positioned within the ACCPAC VAR marketing channel."

About mBase.com Inc.

mBase.com Inc. has developed an innovative software solution that integrates traditional print marketing products with the world of Internet e-Commerce. Using the application service provider (ASP) model, mBase.com provides a central data source for intelligent publishing, digital asset management and workflow automation allowing any company with Internet access to design, manage, layout, produce and distribute print catalogs, price lists, flyers, sophisticated B2B & B2C online stores, e-Commerce enabled CD-ROMs, touch-screen kiosks, and sales quoting automation tools. More information about the company is available at www.mBase.com.
